

# BEACONNET

## Principal Message:

It has been a fantastic term at Newlands; despite the challenges that Covid presented in January. There have been many events happening across the school and beyond. Our amazing year teams have organised many theme days such as FS2 'Safari Day', Y1 'Dinosaur Day' and Y4 'Greek Day' as well as World Book Day. Students have really enjoyed dressing up for these days and there were some amazing costumes on display. We have been proud to share photos of these events with you on our social networking sites. Our Expo visits have also been extremely popular with students and we will be offering many more opportunities for students to go out on

trips next term.

With covid restrictions easing we have been able to relaunch our House system. It has brought back that Newlands competitive streak amongst the students. Our Sports Days have been superb to watch. Students have shone throughout! We are very much looking forward to parents attending the next such events. There have also been many other competitions across the school such as Quran Competition and Maths Olympiad.

As we finish on a high with our International Day celebration, we look forward to term 3 and beyond. I would like to say a massive thanks to parents for the huge support that you have

shown. It has been heartening to see so many parents attending our parent information sessions run by the Senior Leadership Team. We will be offering more of these opportunities in the future. We will continue to slowly open up the campus for parents to visit as restrictions ease further; whilst also continuing to offer you online meetings where you feel that is more suitable. Please continue to support Newlands by liking and sharing all of the fantastic posts on our social networking pages. Newlands is very popular; with nearly 400000 hits since January.

Wishing your family, a very happy and relaxing Spring Break. I look forward to welcoming with back at the start of term 3.

## Pink Day

On 14th October, we had Breast Cancer Awareness Day at Newlands. Students wore their pinkiest pink to proudly participate in the event.

## SCIENCE DAY

Celebrated every 10 November, World Science Day for Peace and Development highlights the importance and relevance of science in our daily lives. At Newlands, we enjoyed all the science activities planned and students were hands-on scientists for the whole day.

## UAE National Day

We had a wonderful time celebrating the year of the 50th at Newlands School, Dubai. It was a day packed with fun-filled activities and some amazing performances by students from all year groups.

## Expo 2020 Art Competition

Students from primary and secondary were invited to participate in an art competition. The theme was Expo 2020: The Future is Ours. We introduced our first art gallery to celebrate our students who captured the world of expo 2020 so beautifully.
